To whom it may concern,

As a company in the accommodation sector that prides itself on upholding the highest of standards, it was especially important that we enlist the services of a cleaning company with the same values.

We have been using Ecomist Clean as our primary cleaning company for our short term rental management business for almost 2 years now, and have been overwhelmingly pleased with all of their services.

They do an excellent job, are always punctual, and offer the most competitive rates for comparable services.

Aside from their obvious ability to execute a professional clean, they are extremely easy people to communicate with, and flexible in meeting the needs of their clients.

I'm happy to recommend the services of Ecomist Clean, and look forward to continuing to do business with them well into the future.

If you have any questions, please feel free to contact me.
