Re: Eco Mist Cleaning

To Whom It May Concern;

Please accept this letter as a professional reference for Eco Mist Cleaning.

Eco Mist Cleaning has been working with Inspirato, providing housekeeping services for our property at Kadenwood, since November 2013. During this time, Eco Mist Cleaning has shown great care and attention to detail when completing cleans at the Residence.

In addition to providing departure cleans and deep cleans, daily cleaning service takes place while the guests are in Residence. The team is both professional and personable with the guests providing thoughtful communication in terms of reading the guests.

Additionally they pay attention to damaged items and report all maintenance related issues to myself as needed when follow up is required be it replacing something that is broken or coordinating with a contractor to provide more in depth maintenance repair for appliances etc.

Hayley and Helen are very organized and proactive when it comes to scheduling and billing. They are always available if any questions or issues arise during the day and help as needed.

All the employees are very hard working and I really appreciate the time and energy the entire team puts into the operations to ensure high standards are maintained constantly.

If you have any questions please do not hesitate to contact me at your convenience.

Best Regards,

Alicia Amundson
